APPROVAL OF STATE ENGINEER	
This is to certify that I have examined the foregoing applicati	on,
and do hereby grant the same, subject to the following limitations an	;
conditions: This permit is issued subject to all existing rights on source and is limited to what the well will produce but not to exc	the
source and is limited to what the well will produce but not to exc	eed
3.5 c.f.s. It is understood that this right must allow for a reas	
lowering of the static water level at permittees well due to other ground water development in the area. A substantial weir or other	type
of measuring device must be installed and measurements of water us	e kept
and a method provided, either air line or opening, for measuring d to water. The State retains the right to regulate the use of the	<u>eptn</u> water
herein granted at any and all times.	
The amount of water to be appropriated shall be limited to the amount	
which can be applied to beneficial use, and not to exceed 3.5	
	
cubic feet per second, or a yearly duty of 4.0 acre-feet per acre of irrigated.	f land
Actual construction work shall begin on or before June 31st, 1958.	<u>.</u>
Proof of commencement of work shall be filed before July 31st., 1958	•
Work must be prosecuted with reasonable diligence and be completed on	or
before June 31st, 1959.	
Proof of completion of work shall be filed before July 31st, 1959.	
Application of water to beneficial use shall be made on or before	
	_
June 31st, 1962 . Proof of the application of water to benefici	aı
use must be filed with State Engineer on or before July 31st, 1962.
